

VISIT AND SUPPORT LOCALS

DAY TRIPS AND SHORT STAYS

No-one knows an area better than those who live and work in it. To encourage our readers to visit and support local business, The Senior will publish a monthly focus on Regional Destinations.

We want to talk to people who know exactly what makes their town or their city so special. We want to share your stories with our readers to encourage them to visit,

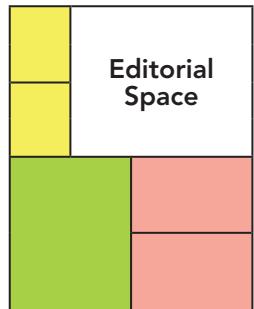

not just for the day, but for several days, to experience everything there is on offer. Wonderful accommodation options, places to dine, tourist attractions (as well as out of the way places) and unique things to buy.

Visit and Support Locals represents a wonderful opportunity to show off some of our magnificent rural and regional areas.
